

# Erledigt Snow Leopard DVD ist dan, und nu?

Beitrag von „ludwigm“ vom 8. Februar 2019, 23:52

Hallo,

versuche immernoch auf meinem L520 OSX zu installieren, und wenn das klappt kommt es vielleicht auch auf mein T460s.

Problem ist nur ich scheitere schon an der VM um das image zu bekommen.

es geht genau bis dahin, egal was ich mach.

```
ludwigm@1072:~$ sudo ./install.sh
