[MacPeet](#) hi . thank you .now HP and laptop only working and HP and laptop microphone doesn't working and in setting microphone name doesn't changed when I connected HP (type only on Built-in and doesn't change to HP port) .

I tried with id 16 and ssdt file changed to

```
"layout-id",  
Buffer (0x04)  
{  
0x10, 0x00, 0x00, 0x00  
},
```

my EFI Folder + IOR... file :
