

Erledigt Wie bekomme ich Airdrop auf den Hacki?

Beitrag von „ozw00d“ vom 15. Mai 2019, 12:52

[Dr.Stein](#)

das ist diese hier:

The image shows a product listing for a wireless network adapter. The product is a "Femto PC Desktop WiFi Card 802.11 A/B/G/N/AC 2.4Ghz-500Mbps/5Ghz-1300Mbps Dual Band Wireless WiFi PCI Express PCI-E Adapter for Windows 7/Windows 8 WiFi". The listing includes a small image of the adapter and a price of 19,99 €.

PCI ID	Vendor ID	Device ID	Subsystem ID	Manufacturer	Device Name
8086	1588	1458	E000	Intel Corporation	Ethernet Connection (2) I219-V
14E4	43A0	1068	0111	Broadcom Inc.	BCM4360 802.11ac Wireless Network Adapter
1B21	1080	0000	0000	ASMedia Technol.	ASM1083/1085 PCIe to PCI Bridge

The second screenshot shows system information for the adapter. It includes details such as the manufacturer (Broadcom), the device name (BCM4360 802.11ac Wireless Network Adapter), and the driver version (13.0.1.1147). The adapter is currently disabled.
