Danke, Jungs!

Ich zippe mal meinen "Halbwegs-gut-Efi-Ordner" und lade ihn hoch.

Noch was anderes: Ich hab Anonymous' Lösungsansätze 1-3 auf besagter halbfunktionierender config ausprobiert, und, tataa 🤩👍 !, zumindest die Batterieanzeige funktioniert jetzt mit dem SMCBatteryManager kext.

Nachtrag: "Mein" Halbwegs-Gut-Efi-Ordner ist ja auch nicht meine Idee, sondern aus Anonymous' thread....
