## **macOS Mojave 10.14.5 Release**

**Beitrag von „ozw00d“ vom 3. Juni 2019, 15:40**

[Kot 008](#) you can also write in english, i think it's not a problem, because this forum is multi national. So don't be shy and wirte in Englisch.

About your question, it seems that some developers are working on newer versions, but as far as i know, it takes some time to bring newer versions to different models of Mainboards.
