Ozmosis mit macOS Catalina 10.15 - OZ167X-XMAX (extended)

Beitrag von „nikoZ“ vom 3. Juli 2019, 16:35

After installing Catalina, at last stage upon booting for setup i receive:

Applied latest ozmosis from here, aptio2fixdrv, kernextpatcher with all the patches.

GPU HD4600

[monsters inc with boo](#)
