

ASUS X299 PrimeDeluxe - Opencore

Beitrag von „iTTT“ vom 7. August 2019, 19:51

[Zitat von DSM2](#)

EFI for system which is not related to your setup ... [user = '37048'] iTTT [/ user]

yes i know. i just want to check and learn to make my own setting.

my setup:

X299 Deluxe II

Radeon VII

i9-9920X

attached file for your reference.

i can not boot it with OC, not sure why

[Attach = 109877] [/ attach]
