

OpenCore Sammelthread (Hilfe und Diskussion)

Beitrag von „icemanncsu“ vom 8. November 2019, 13:53

@ al6042 & [karacho](#)

thanks for the reply, sorry about posting in the wrong thread, will move the conversation to the one you mentioned.

Zitat von karacho

It seems like the issue is fixed with Catalina 10.15.2 Beta [AMD NAVI / RDNA \(RX5700 / XT etc.\) in macOS | Benchmarks, Undervolting, Overclocking, PowerPlay Table](#)
