# [Sammelthread] Must Have Apps für Macintosh/Hackintosh

Beitrag von „revunix“ vom 30. November 2019, 22:45

Port Manager

## Manage ports from your menu bar.

Find, open and kill ports in a couple of clicks — so you can go back to writing code.

[Get Port Manager for macOS](#)

Works with macOS Sierra (10.12 ) and above.

Listening Processes  
3000 - Node ▶  
8888 - httpd ▶  
5000 - Python ▶
