## **TINU - Der einfachste Weg zum USB-Installer**

**Beitrag von „ITzTravellnTime“ vom 25. Dezember 2019, 01:23**

As a small christmas present i released beta 2 for tinu 3.0, it can be downloaded from here:

[https://github.com/ITzTravelln...releases/tag/3.0\\_BETA\\_\(68\)](https://github.com/ITzTravelln...releases/tag/3.0_BETA_(68))

the source code can be found here:

<https://github.com/ITzTravellnTime/TINU/tree/development>

for the changelog, look at the release on github or at the recent commits

there is also a telegram group for beta testing of the app if you want to join and have a direct contact with me (it's in english only) <https://t.me/TINUBetaTesting>
