

Gigabyte Z390 DESIGNARE: fertiger Clover-EFI-Ordner zum Download

Beitrag von „JimSalabim“ vom 28. Dezember 2019, 14:57

[mif3](#) You haven't told us what your problem actually is. Since you don't seem to have the Designare board and you don't use the EFI folder provided here, this is not the right thread for your question.
