

# AirportBrcmFixup Patch Sammlung für Broadcom Airport Wi-Fi Karten

Beitrag von „Noir0SX“ vom 3. Februar 2020, 15:33

## v2.0.6

- Add previous implementation of wowl disabler (both methods wlc\_wowl\_enable and wowCapablePlatform must be overridden)
- Add support for DW1820A CN-096JNT & Fix freezing issues (thanks to Sniki)
- Read property brcmfx-driver from provider's IOReg entry (can be injected by bootloader as well as brcmfx-country property)
