

# WhateverGreen - Fix für alle Grafikkarten (AMD/Intel & Nvidia)

Beitrag von „Noir0SX“ vom 2. März 2020, 18:17

## v1.3.7

- Improved the maximum link rate fix: Now correct the value read from extended DPCD as well. (by [@OxFireWolf](#))
- Improved firmware loading handling on 10.15.4 (may fix booting issues on KBL+)
- Improved support for Comet Lake IGPU (thx [@stormbirds](#))
