Gibt das Bild. Was sagt das aus?

The screenshot shows the AmorphousDiskMark 2.5.3 application window. The interface includes a title bar, a menu bar, and a main display area. The main display area shows a table of performance metrics for a Sabrent drive. The table has columns for 'All', 'Read [MB/s]', and 'Write [MB/s]'. The data is as follows:

All	Read [MB/s]	Write [MB/s]
SEQ128K QD32	3441.23	2538.88
RND4K QD32	1067.67	13.27
SEQ1M QD1	1968.49	1931.23
RND4K QD1	60.30	13.03

The application also shows a 'Sabrent' label at the bottom of the table. The top of the window displays 'AmorphousDiskMark 2.5.3' and 'mac-Catalina (3% used)'. The interface is in German.
