Gibt das Bild. Was sagt das aus?

The screenshot shows the AmorphousDiskMark 2.5.3 application window. The interface displays performance metrics for a Sabrent drive. The top bar shows '1' selected, '512 MiB' buffer size, 'mac-Catalina (3% used)' as the target, and 'MB/s' as the unit. The main table shows Read and Write speeds in MB/s for four different test patterns: SEQ128K QD32, RND4K QD32, SEQ1M QD1, and RND4K QD1. The Sabrent brand name is visible at the bottom of the table.

	Read [MB/s]	Write [MB/s]
SEQ128K QD32	3441.23	2538.88
RND4K QD32	1067.67	13.27
SEQ1M QD1	1968.49	1931.23
RND4K QD1	60.30	13.03
