

OpenCore Sammelthread (Hilfe und Diskussion)

Beitrag von „Legalucci“ vom 13. März 2020, 11:54

Also ich kann jetzt keinen Unterschied entdecken ...

The image shows a portion of the OpenCore configuration.plist file. It lists various settings with their types and values. Some settings have checkboxes, and some have dropdown menus.

Key	Type	Value
PlatformInfo	Dictionary	{}
PlatformInfo.Automatic	Boolean	<input checked="" type="checkbox"/>
PlatformInfo.Generic	Dictionary	{}
PlatformInfo.Generic.AdviseWindows	Boolean	<input type="checkbox"/>
