Erledigt [Need Help] H87 Clover "End RundomSeed" +++ and reboot

Beitrag von „June" vom 25. März 2020, 09:37

I have flashed the abc0TEST and use last default.plist, this time it wasn't reboot, but screen just leave me a apple logo then system halt[USB mouse and keyboard all offline, debug card show me AD→halt→B0] B0 maybe problem with memory
