## **ozmosis black screen Z77-D3H**

**Beitrag von „supergg12“ vom 31. März 2020, 09:19**

Hello,

I just updated my bios with the Z77-D3H rom that [Raptortosh](#) communicated to me.

I have a problem at startup after the appearance of the Apple logo, no loading progress display takes place despite a reset of the PRAM.

Thank you for your help.
