

X299 Tutorial - ASUS WS X299 SAGE/10G (Hilfe und Diskussionen)

Beitrag von „insomnia“ vom 2. April 2020, 15:19

@ DSM2 Thanks for your reply. Please find it attached here. My system should match your set up @ [# 163](#)

1. problem described at [# 166](#)

I also have a problem with the thunderbolt plug and play. It only works if I power on with the device connected.

Please let me know if you can identify some fixing.

Much appreciated!
