Issues after Update

Beitrag von „Macko“ vom 7. April 2020, 19:55

al6042, don't be angry with me, but I wrote a similar post here [Installing the MAC will reboot the PC after booting](#)

and you blocked it for the nire.. next I had in Clover. I put it there out of despair, otherwise I use everything officially. it's a pity you woke me up.
