## **What happend to some bioses?**

**Beitrag von „ver\_shine@yahoo.com“ vom 8. April 2020, 15:09**

Hello.

Long time ago i downloaded and used bios for my z170x-ud3 ultra.

But now i can`t find it anywhere. Even z170 category is missing.

Does anyone know what happened?

Looking for information, explanation.

Thanks in advance
