

OpenCore Sammelthread (Hilfe und Diskussion)

Beitrag von „Herky85“ vom 15. April 2020, 16:56

[alex nec2892](#) da habe ich meine eingetragen, aber hat sich auch grade erledigt wo ich es grade schreibe.

```
Setting NVRAM 4B1ED05-3BC7-466A-9C06-4BCC08E30C14:DefaultBackgroundColor - Success
Setting NVRAM 7C436110-AB29-488B-8000-FE41995C9F02:UIScale - ignored, exists
Setting NVRAM 7C436110-AB29-488B-8000-FE41995C9F02:SystemAudioVolume - ignored, exists
Setting NVRAM 7C436110-AB29-488B-8000-FE41995C9F02:boot-args - Success
Setting NVRAM 7C436110-AB29-488B-8000-FE41995C9F02:csr-active-config - ignored, exists
Current version is 100-057-2020-04-06
