

# macOS 11 BigSur Dev-Beta Clover Patch

Beitrag von „kuckkuck“ vom 7. August 2020, 21:47

Please don't quote full posts that are directly above your post 😊

[Zitat von ITzTravellnTime](#)

HEDT systems requiring a custom SSDT-RTC0

I have never owned a X99 System but afaik this doesn't apply to X99.

saw that fake smc can't be loaded

Just FakeSMC, or Kexts aren't injected in general?
