

macOS 11 BigSur Dev-Beta Clover Patch

Beitrag von „jackacc“ vom 20. August 2020, 13:18

From r5115 version, updated content: introduced symbolic kext and kernel patch. Fixed GUI failures and other errors. My computer second generation P8600 does not have a core display. Gt320m, 5115

-5120 to my computer 10.13.6 boot black screen, 5120 installed 11 card apsf2241
