

X299 Tutorial - ASUS WS X299 SAGE/10G (Hilfe und Diskussionen)

Beitrag von „TerminalStrip“ vom 22. August 2020, 15:58

1. Hello Friend,
2. I had already written to you in the past.
3. I have an X299 Prime deluxe 2 + i9 10920X motherboard
4. My system works, but I have two problems:
5. 1. Thunderbolt / Usb C only works if I boot with a device inserted
6. 2. I have a Firewire card which is detected in the IO REG but NOT in System Profiler and it doesn't work
7. Can you tell me how I can solve?
8. Thank you
