

Ryzentosh ASUS B550A-M | R5 3600 | RX 580 Sapphire

Beitrag von „Peppe8“ vom 27. August 2020, 00:25

Hello,

I need someone to help me out for the EFI of this configuration.

I tried many of them with no success.

All of them stucked in first verbose lines or directly reboot after selection on GUI.

Please help me!

thanks in advance.
