

# **[Sammelthread] MacOS BigSur 11.0 DEV-Beta Erfahrungen**

**Beitrag von „Macko“ vom 28. August 2020, 09:29**

Hi everybody.

The Catalina update saved to the Application.

What folder is it currently stored in Big Sur ???

I want to do a USB installation, because the beta 5 update will stop me during installation and finish.

Thanks for the help.
