Try this EFI für B550

[OpenCore Sammelthread \(lauffähige Konfigurationen\) Desktop](#)

Or this for 570 [https://www.hackintosh-forum.d.../148131-efi-bs-beta4-zip/](https://www.hackintosh-forum.de/148131-efi-bs-beta4-zip/)

Hey! thanks a lot man! first one worked flawlessly.

I have something to repair but I installed at least!

Second one not working anyway.

Thanks again!
