ALC 255/3234 Audio Issue -Help

Beitrag von „vye" vom 11. September 2020, 14:00

Hi

I have a Dell Optiplex 3060 with i3-8100t. I am struggling to fix the audio. I have tried the Layouts in Apple ALC but I could not fix that. I would like to know what is the problem. Please help me to find that.

Thanks
