The Rome already tested? <https://www.hackintosh-forum.d...max-catalina15-4-f10-zip/>

Have you tested that Rome? <https://www.hackintosh-forum.d...max-catalina15-4-f10-zip/>

I got Clover working, I will try this file now, but, to switch to Ozmosis, what steps must I take, where do I place my kexts and how do I convert the plist for ozmosis?
