

# Kernel Extensions In Backtrace

Beitrag von „WifiOG“ vom 2. November 2020, 20:04

Hallo kann mir jemand bei diesem Problem helfen ? Hab keine Ahnung woran es liegen könnte

```
0x0000000000000000 : mach_kernel : _thread_call_delayed_timer + 0xac5
0x0000000000000000 : mach_kernel : _thread_call_delayed_timer + 0x9f1
Kernel Extensions in backtrace:
