

[Sammelthread] MacOS BigSur 11.0 DEV-Beta Erfahrungen

Beitrag von „Macko“ vom 6. November 2020, 14:31

badbrain,

I'll leave it at that.

It was hard for me to switch from Clover to OpenCore and Plist Editor I can't work the same as with the command line.

That's what I don't like about Mac and Linux. 😞
