

RX 6xxx(XT) Thread, Lieferbarkeit, Kompatibilität, Leistung

Beitrag von „Bob-Schmu“ vom 3. Dezember 2020, 14:09

Interessant was da ASUS anbietet mit den Intel 400er Serie Chips für die neuen RX6000 Karten.

AMD Smart Access Memory
ASUS helps to bring AMD SAM to Intel 400 series motherboards.

ASUS is opening up compatibility to both Intel and AMD platforms. Thanks to ASUS 400 series motherboards offering a Re-Size BAR Support option in their Beta BIOSes. Well known media Tom's Hardware also reported it and educated people how to find out Re-Size BAR Support option in our Maximus XII Apex 1202 Beta BIOS. Please visit below link for more info: <https://www.tomshardware.com/news/asus-bios>

System Requirements	
Hardware	
Motherboard	ASUS Z490/590/590X Series
Processor	Intel 10th Gen Intel® Core™ Series
Graphics Card	AMD Radeon™ RX 6000 Series
Software	
Graphics Card Driver	22.11.2 or later
Motherboard BIOS	Latest BIOS at support site

Motherboard BIOS Setup Tips	
1	Set to Advanced / F10 Suboption Settings
2	Set Re-Size BAR Support enabled
