

OC DELL Latitude E6420

Beitrag von „Mo-6420“ vom 19. Februar 2021, 21:04

You are the best my friend

Upload me your kext

I will do that for you

I wish you do like that before you do the kext choose IMacdisplay

after add the kext into kext efi open core...you should add that on your config.plist with open core configator

boot the pc and all is done ok...
