

A problem in Dell G5 5500

Beitrag von „gamal“ vom 23. Februar 2021, 15:21

[Zitat von Dr. Moll](#)

Hello,

you can look here:

<https://github.com/leocg/Hackintosh-Dell-G5-5590>

It is not exakt your Device, but perhaps, it helps, to find the error.

You can also upload your EFI, perhaps some of the people here has an advice for you.

Good luck
