

OC DELL Latitude E6420

Beitrag von „Ezesoft“ vom 26. Februar 2021, 04:09

I managed to install Mojave and now I have

"Install big sur.app" but when creating a bootable usb say "sudo: /Volumes/data/macOS-Big-Sur-11.0.1-20B29/...Install macOS Big Sur .app / Contents / Resources / createinstallmedia: command not found "I need you to upload the * createinstallmedia * file to see if I can make the USB bootable
