

# Clover / OpenCore EFI für HP Probook 430 G5

Beitrag von „griven“ vom 8. März 2021, 22:48

[D1Golden](#) the above posted EFI Folders are meant as a reference and are optimised for the special setup of [firuz1977](#) so if your Laptop uses a different configuration you'll need to fine tune the efi to fit your needs also we focused on the colver EFI folder which might be the better choice in that case...
