[kaneske](#) i was only thinking and i agree with [Mork vom Ork](#) we have a hope only in future 11.4 beta

For now i have sold my 6900xt and i have bought a 3090 FE (huge price on ebay)

The card is not worth the money I spent, little difference with the softwares I use in my pipeline compared to the 6900xt

I like only its design...memory temps are a "%**
