

HP EliteBook 840 G1 & OpenCore Catalina/Big Sur

Beitrag von „Raptortosh“ vom 23. Mai 2021, 20:18

This Driver is bigger than ApfsDriverLoader, is it a apfs Driver from Apple? If is better to use the Driverloader...

Why Do you need clover and opencore? Only opencore will also work. Opencore can Boot Big Sur and Catalina... You can also Boot Windows with opencore...
