Greetings everyone,

It has been all hands on deck for everyone in the Dune Team. Since landing in China in November, Alex and Kevin have been hard at work handling all aspects of production. This week, we had an unfortunate setback caused by nasty weather and power outages for several days in the province where the Dune Pro is being produced. But we are a resilient bunch and are happy to announce that we are at the finish line! Assembly is well underway, and we'd like to give our loyal backers a behind-the-scenes look at how it's going.

Dune Live - Monday, May 31st

We are pleased to announce that Dune will be hosting a live video on Monday, May 31st, from our production line. The Dune Team will be available to answer your questions while this takes place! You're not going to want to miss this, so please mark your calendars!

How will I be notified when my Dune Pro has shipped?

Once your order has shipped, you will receive a notification from Indiegogo, sent to the email linked to your account. You will be able to track the progress of your shipment/s through the Tracking Number provided by the Dune Team. Backers can expect Shipping Confirmation emails starting 31st May 2021.

Conclusion - An exciting week ahead!

Thank you to all our backers for your continued support! With the Dune Pro shipping underway, we cannot wait to find out everything our backers have to say about our incredible PC Case that gives you the Power To Choose.

Many thanks,

Dune Team
