

AX2000 Wifi on MSI x570 A Pro

Beitrag von „iamprabhuanantony“ vom 14. Juni 2021, 14:16

I am using ax2000, on my Ryzen3600, msi x570 A Pro...smbios is iMac pro. Also waiting for the patches to get released. Please guide me for RPOX. Please share your ssdt, if possible. Thank you!
