# OpenCore will macOS nach Installation nicht laden

Beitrag von „matteodev“ vom 21. Juli 2021, 18:58

Hallo. Ich habe heute mir macOS Catalina installiert und wollte die USB Ports für macOS Big Sur mappen, die Installation funktionierte gut aber nachdem ich von der Platte mit OC starten wollte, bekam ich einen Bootfehler von OC. Ich verwende OC 0.7.0.

Hier ist der Log vom boot:

Code
