

[Sammelthread] MacOS Monterey 12.x DEV-Beta Erfahrungen

Beitrag von „apfel-baum“ vom 28. September 2021, 21:13

are you translating this current conversation with a little help of google-translate or deepl.com ? , so some misunderstandments misconceptions will not be unusual- . maybe it would easier to stay in one language for this moment, so the support will be easier also

lg 😊

edit- neues wort eingefügt, falsche übersetzung gestrichen 😊
