hello,

I just unlock my Bios (special thanks to bios-mod forum expert)

now i want to start the installation of hackintosh 😊

i will use the EFI file [https://www.hackintosh-forum.d...ent/152662-s210h-efi-zip/](https://www.hackintosh-forum.de/ent/152662-s210h-efi-zip/)

please any one can refresh my memory regarding the steps ?

thank you in advance
