

# OC DELL Latitude E6420

**Beitrag von „Mo-6420“ vom 12. Oktober 2021, 11:32**

hi everyone

First i am so sorry for the late i am so busy and i have not internet

Second it is a problem of dmg macos so

Open terminal and copy this line

```
softwareupdate --fetch-full-installer --full-installer-version 11.6
```

you will get a clean and full macos big sur 11.6

Finally, i am not always free so sorry again

Good luck and thank you
