

# OC DELL Latitude E6420

**Beitrag von „Mo-6420“ vom 27. Oktober 2021, 14:08**

For all friends here in our Forum,

I repeat if you have some problems to download macos monterey:

OPEN YOUR TERMINAL AND COPY THIS LINE

```
softwareupdate --fetch-full-installer --full-installer-version 12.0.1
```

You will have a full and clean macOS Monterey

Good luck

Everyone
