

# **MONTEREY auf HP Z620 - no port micro restart**

**Beitrag von „xayide“ vom 1. November 2021, 17:13**

Could someone add working efi for

z620 here?

I have lenovo s30 and z620 both are working on big sur. Unlocked bioses on both. I have my own ssdt for them already. No secureboot. Vega 56 in both.
