

Dell Optiplex 3080 Micro FormFactor | MFF

Beitrag von „volteon“ vom 24. Dezember 2021, 22:33

Hello, first thing: do you have the Dell Optiplex 3080 Micro too or do you have a bigger Form Factor, because if you also have the Optiplex 3080 Micro Form Factor, you can just copy the last EFI Folder i attached, but if you use that. **CHANGE THE SERIAL/ROM/MLB/UIID** or else you will get your Apple-ID Banned i think.
