

[Sammelthread] MacOS Monterey 12.x DEV-Beta Erfahrungen

Beitrag von „fboulegue“ vom 11. Februar 2022, 08:20

[Zitat von fabiosun](#)

yes [fboulegue](#)

and it's worth it because with 12.2.1 no problem in GPU (if you had them with the two 12.3 beta)

thanks will do so right now I stuck in disk util in a new installer as it does not want to format my disk (wtf?!)
