

Lenovo Yoga C740 Stuck on MACH Reboot

Beitrag von „hanykamal“ vom 3. März 2022, 17:27

I did Use your EFI Folder, But I Dumped my own SSDT-AWAC - SSDT-EC - and SSDT-PLUG using [SSDTTime](#) .

But it reboots to the Lenovo logo after lots of ok text comes on the screen.

Here is my EFI Please Advice. <https://ufile.io/elawnfkv>
